Nondoctorate-					

All types of institutions experienced decreases in construction spending in constant dollars. However, in relative terms, the top 100 experienced the smallest decrease, a 4 percent decline from \$2,107 million in fiscal years 1990-1991 to \$2,029 million in fiscal years 1992-1993, while the nondoctorate-granting institutions experienced the largest decrease, 31 percent from \$133 million to \$92 million during the same period.
